## FAQ: Frequently Asked Questions

**Q: Do you shoot every game at the tournament?**

A: No, we don't shoot every game. Instead, we ensure each team gets a **team picture** for an optional team order and focus on players requested for action shots. This approach allows us to provide tailored coverage to players who may not typically receive common or local media coverage.

**Q: What factors affect the quality or number of action shots?**

A: The player's **time on the ice** can impact the number of shots captured. For each order, we meet specific quality standards, ensuring your package is delivered to our highest level of professionalism.

**Q: What happens if I don't like the pictures?**

A: If you're unsatisfied, please contact us immediately. We are committed to resolving any issues and ensuring your experience meets your expectations.
